**AS YOUR MAYOR, WITH COUNCIL,
I HAVE ACHIEVED FOR YOU:**

- ⇒ Reduced rates on average to 4% below CPI, compared to other councils whose rates have risen well above CPI;
- ⇒ Reduced debt from \$14.7M to \$5.6M;
- ⇒ Unanimous climate action within the Unley Council, with Unley scoring the highest out of 341 Australian councils assessed;
- ⇒ Unley becoming an owner of East Waste to recycle better, save on emissions, and reduce our rates;
- ⇒ Delivering safer walking and cycling since 2016, and the 2022-2027 plan;
- ⇒ Successfully introduced heritage zones to protect 80% of the residential areas;
- ⇒ Actioned accessibility and inclusion plans to promote awareness and involvement within the community.

PLEASE VOTE FOR YOUR FUTURE.

I am a proven Mayor who has enabled the Unley Council to work as a team to deliver for you. I have loved serving you on the Unley Council, and am seeking re-election so I can finish the job I started. ***I have listened to you. I care.***

MY COMMITMENT TO YOU:

This election is about building a thriving and sharing community. I am committed to listening to your issues and needs within the community. I will continue with a plan to make Unley connected, green, and affordable. **My priority over the next four years is to:**

- ⇒ Consult and engage with the community on the plan for a 'tree offset fund' to protect and promote tree cover to safeguard our council area in a changing climate. 31% tree canopy matters: it will be 10°C cooler on 40+°C days;
- ⇒ No owner of an existing property will ever pay a higher rate because they lack trees;
- ⇒ More open space for local parks. Higher density housing increases demand;
- ⇒ Deliver the City of Unley's cultural, public health and wellbeing plans.

These and other plans such as parking, economic development etc, if delivered ***will ensure a safe, vibrant and liveable Unley for the future generations.***
